Eastern Farm Workers Association (EFWA) is a free and voluntary private membership association of low-income workers in Suffolk County. Every winter our members face a choice of whether to heat their homes or feed their children. For others, it's a choice between paying the rent or seeing a doctor. EFWA members help each other meet daily survival needs while we fight the government policies that have led to job losses, poverty wages, home foreclosures, utility shutoffs and denial of healthcare. We ask you to join us in organizing our annual winter survival campaign of supplemental food, blankets, heaters, warm winter clothing distributions, and our "Operation Winter Watch" program to reach elderly and shut-in members. Join Eastern Farm Workers Association and help stop the winter death toll.
