

**Bellport Garden Club
Street Garden Recognition Program 2010**

Do You Have a Street Garden?

A street garden is a large or small garden of living plants close to the curb primarily for the pleasure of neighbors or passers by. The Bellport Garden Club invites all residents of the South Country School District to create and maintain such a garden or enter an existing garden in our Street Garden Recognition Program.

Complete and return an entry form by **June 15**. On June 25 and 26, the Garden Club will distribute garden markers as a thank you to those who participate. We will also take a photo of your garden.

Please join us in making our community an even more beautiful and welcoming place. Please fill in the information below on this form and mail it to:

Kathie Dallin
6 Trout Ponds Court
Brookhaven, NY 11719

I have created a Street Garden. I give permission to use a photo of my garden in articles about this event.

Name: _____

Address: _____

Location of garden (Must be visible from the street)
